PTI Pump Tech Inc.

Your liquid handling equipment specialists, celebrating over

30 Years of excellence.

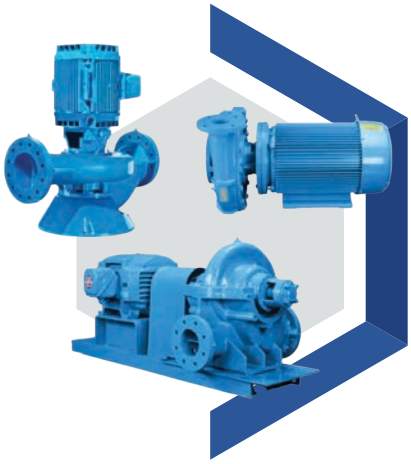
General Product Line Card

ARO

ARO is Fluid Intelligence and a leading worldwide manufacturer of fluid handling products that are expertly engineered to deliver performance and serviceability, enabling our customers to achieve the best total cost of ownership.

GRUNDFOS®

Grundfos advanced solutions are designed to maximize performance while easily integrating into any system. Our intelligent pumps have built-in controls and monitors that automatically adapt to changing water parameters, simplify control logic and maintenance, reduce the need for overall components, and continuously optimize for the best results.



PACO

The PACO line of pumps are one of the world's finest and most complete lines of centrifugal end suction – close coupled and pumping systems, and frame mount, sewage / non-clog, effluent / sump and multistage pumps and is manufactured and marketed by Grundfos CBS Inc. The materials and workmanship that go into each pump are thoroughly inspected and tested to exacting standards prior to its final assembly and shipment. Pumptech Stocking regular wear parts.

VIKING PUMP®

Viking Pump's industrial pumps are the premiere positive displacement gear pump technology that covers nearly every pumping need. With construction options that have been proven to work for light, medium, and heavy-duty applications, the versatility and popularity of positive displacement pumps lie in their relatively simple design, high efficiency, and consistent flow rates. (Vane pumps, internal and external gear pumps, lobe &CPP pumps. Metering pumps. Spare parts and service available).

Roto Ultra®

Manufacturer of progressive cavity, twin screw, roto mining station, and AODD pumps. Heavy duty construction is designed to pump tough—to—handle fluids. Retrofit spare parts and new wear compensation stator available. Used in all heavy industry sectors.

TEKLEEN® AUTOMATIC SELF-CLEANING WATER FILTERS

Tekleen Automatic Filters is a premier manufacturer of automatic, self-cleaning water filters. For over 35 years, Tekleen has been providing efficient, reliable, and cost-effective filtration solutions for various industrial, municipal, and irrigation applications around the world. With a patented self-cleaning mechanism, Tekleen filters eliminate the need for manual cleaning, reduce maintenance costs, and improve water quality.

Services

Trusted for Reliable Service and Maintenance

Our knowledgeable team is ready to address any inquiries regarding your pumps, parts, maintenance, service, and repairs.

Pump Experts

Our experienced and knowledgeable staff will gladly answer any questions you may have about our products and services. Contact us for more information.

Largest Distributor

We are the largest master distributor of pumps and parts in the country.

Pump Tech Technicians

At Pump Tech, we're experts at sizing, selecting and diagnosing pumps. We have factory trained service technicians to handle most, if not all of your service and repair requirements.

Speedy and Efficient

Our extensive inventory of parts include bearings, Speedi-Sleeves, oil & grease seals and MRO items to ensure rapid repair turnaround times. Road service and repair is also available throughout the GTA.
